

reCONNECT 2026: User Conference

October 7 - October 8, 2026

Gaylord Texan Resort & Convention Center, Grapevine, TX

MEETING OVERVIEW

Trustwell will host its ninth annual user conference, **reCONNECT 2026, immediately following the Food World Summit (formerly NAFS), October 7-8, at the Gaylord Texan Resort & Convention Center in Grapevine, Texas.** We're bringing customers, partners, and food industry leaders together for focused conversation, practical insight, and meaningful connection. **Registration is FREE!**

This year's theme, ***Unlocking Value Through Connection: From Data to Decisions***, centers on a simple idea: connected data, aligned teams, and stronger collaboration help organizations move faster and operate with greater confidence.

Attendees will explore how connected formulation, labeling, supplier management, traceability, and compliance processes can reduce risk, improve efficiency, and strengthen operations, with practical insights they can bring back to their teams.

The program begins with a welcome reception and plated dinner on October 7, followed by a full day of sessions on October 8, including keynotes, roundtables, breakout sessions, and opportunities to connect with Trustwell leaders and industry peers.

WHY ATTEND?

reCONNECT 2026 is designed for food industry teams that want to turn better data, stronger collaboration, and connected technology into measurable business value.

The value of attending goes beyond the sessions. **reCONNECT** gives attendees time to build meaningful relationships with peers, ask questions directly, exchange ideas, and return to their organizations with clearer direction. For teams working to improve workflows, strengthen partner collaboration, reduce risk, or better understand what is next for the industry, **reCONNECT** offers a valuable opportunity to learn and connect in person. It's a space to step away from day-to-day work and focus on how teams can connect systems, partners, and data more effectively.
